Nashville is in gray this week.

We would like to see the government rain gauge work overtime.

When Knox is out of the cabinet who will be left to prosecute the trusts?

The city and the Block people do not seem to be living together in brotherly love.

The letter of Rev. Sam Steel on his visit to the Pecos Valley would make some good advertising literature.

When the cement walks are put in, then we shall begin to insist on good crossings and free mail delivery.

Socorro mourns and will not be comforted over the loss of the headquarters of the United States court.

Colorado will have to wake up. The last day or two she has been falling behind the Orient in furnishing war news.

The railroad business at this place is constantly increasing, but the size of the depot on wheels remains just the same.

The hiatus between the Republican and Democratic national conventions will be broken by a prize fight between Jeffries and Monroe at San Francisco on June 30th.

The Republican convention will be in session the longest days of the year, but it is dollars to doughnuts that the Democratic convention will be in session more days.

The reservoir at Delta, Colo., gave away night before last. But up to date the Hondo reservoir is intact, and has not been given away to any appreciable extent by the government officials.

The Roswell Record remarks: "A scramble is on among our Republican friends for the office of postmaster. Democrats can look on and enjoy the contest." Of course, there is never a scramble for offices among the Democrats in New Mexico. New Mexico.

The people over in the Pecos Valley are keeping mighty quiet about it, but it is nevertheless a fact, that more than three hundred thousand acres of Arizona forest reserve lie land scrip has been located over there upon its best lands for the purpose of cheating big cattle ranches, big fruit farms, etc.—Albuquerque Journal.

The people of the Pecos Valley are intelligent, and naturally rebel against the methods of the administration, but they do not understand the situation in all its details, or they would understand why the administration is so eager in matters of this kind. The administration could do nothing with Freeman, as he is one of those old fashioned lawyers who believe that the law is made to be administered to all men alike, and who is just stubborn enough to insist that it be properly administered. He is not likely to play any favorites either.—Albuquerque Advertiser.

## A TRUSTY ADMINISTRATION

The recent victory of W. R. Hearst in the Supreme Court was not only a victory over the coal trust, but it was a rebuke to the administration and particularly to the Attorney General who has just been made Senator by the eastern trusts. The evidence introduced in this trial showed that for almost two years this Attorney General had evidence of the guilt of the officials of the coal trust, yet the administration has never made a move to convict them under the Sherman anti-trust law. When the administration bows supinely to these trusts in the election of senators, relying on these same trusts for the "sineews of the campaign" is it at all likely that such an administration will ever attempt to enforce an anti-trust law. At some times Roosevelt may be a rough rider, but when it comes to dealing with trusts, he is gentle as a cooling dove.

## AN ANGRY BEE.

The San Marcial Bee is angry and is displaying its sting. And the reason for all this is that Socorro has lost the headquarters for the United States court. The Bee is mad at everything and everybody that had any thing to do with the re-districting of the Territory. It is buzzing ferociously and stinging promiscuously. It would be well for the Bee to flit over to the Pecos Valley with its fields of alfalfa and from the fragrant blossoms suck the perfume and honey of peace and good will.

The following buzz shows the present unhappy mental condition of the Bee:

"When the leading Republicans of Socorro county endorsed Wm. H. Pope for judge of the fifth district they certainly labored under the impression that he would never prove to be a wolf in sheep's clothing when the interests of our county hung in the balance. But our citizens have been deceived and grossly imposed upon, and the full realization of this was borne home to them when it was learned that Judge Pope failed to enter a protest in the star chamber session of the supreme court at Santa Fe last Saturday, when Socorro went by the board as headquarters of the United States court, and became a part of the third district, presided over by Judge Parker.

"The only ray of sunshine that comes to us through this temporary cloud of adversity is that the change gives us Judge Parker and transfers to Roswell the agent of our present woes as regards judicial district lines. The plan must have been determined upon away in advance of the meeting of the supreme judges, for the Roswell newspapers intimated right along that Judge Pope would abandon Socorro, and the Las Vegas Optic a day or two in advance of the gathering at Santa Fe, printed the correct result of the supreme body's deliberations. Here is another startling example of the fallacy of a Republican administration appointing a Democrat to office. Among the Republicans of this county, Judge Pope probably felt himself to be an intruder and he hastened the day to have himself transferred into a locality where the breeding of Democrats is the chief industry, and the promulgation of Republican principles almost a crime."

## Triumphs of Modern Surgery.

Wonderful things are done for the human body by surgery. Organs are taken out and scraped and polished and put back, or they may be removed entirely; bones are spliced; pipes take the place of diseased sections of veins; antiseptic dressings are applied to wounds, bruises, burns and like injuries before inflammation sets in, which causes them to heal without maturation and a one-third the time required by the old treatment. Chamberlain's Pain Balm acts on this same principle. It is an antiseptic and when applied to such injuries, causes them to heal very quickly. It also allays the pain and soreness. Keep a bottle of Pain Balm in your home and it will save you time and money, not to mention the inconvenience and suffering which such injuries entail. For sale by all druggists.
